SUMMARY

AI/ML Engineer and Ph.D. Candidate specializing in production AI systems, LLM-powered applications, and Scientific Machine Learning. Currently leading AI architecture and AI systems engineering for a national-scale GovTech AI platform at the Ministry of Infrastructure of Georgia. Combines strong mathematical modeling with applied machine learning engineering and data-driven policy innovation.

EDUCATION

Ph.D. Candidate, Economics (Econometrics) Expected Completion: 2026	The New School for Social Research
M.A., Economics	The New School for Social Research
B.Sc., Engineering Sciences	Technical University of Georgia

TECHNICAL SKILLS

Languages: Python, Julia, JavaScript, SQL, $\text{\LaTeX}$

ML & AI: LLMs, RAG, Deep RL, Scientific ML, Time-Series, Optimization

Systems: FastAPI, AI Architecture, APIs, Data Pipelines

Cloud: GCP (Cloud Run, Cloud SQL, Vertex AI), CI/CD

Tools: PyTorch, Hugging Face, Git, VS Code

Languages: Georgian (Native), English (Fluent), Russian (Fluent)

PROFESSIONAL EXPERIENCE

Ministry of Infrastructure of Georgia <i>AI/ML Engineer</i>	2026–Present <i>Tbilisi</i>
• Lead AI architecture for national GovTech AI platform • Deploy ML/LLM pipelines using GCP and Vertex AI	
Parliament of Georgia <i>Advisor on AI Integration</i>	2026–Present <i>Tbilisi</i>
• Contribute to AI Act preparation and regulatory design • Lead AI fluency training for parliamentary staff • Develop AI-powered parliamentary chatbot	

Counsley <i>Chief Technology Officer (CTO)</i> • Lead AI platform development (RAG, transcription, automation) • Secured \$18,000 MVP grant (Startupbootcamp Georgia)	2026–Present <i>Tbilisi</i>
British University <i>Associate Professor (Part-time)</i> • Teach Machine Learning and applied AI engineering	2026–Present <i>Tbilisi</i>
Commons AI <i>Co-Founder & Lead AI Engineer</i> • Built Georgian-language LLM systems for legal/policy use	2025–Present <i>Tbilisi</i>
Council on Economic Policies <i>Consultant</i> • Contributed to Global Tax Expenditures Transparency Index	2023 <i>Remote</i>
The New School <i>ML Research Assistant</i> • Built RL models for macroeconomic policy optimization	2024–2025 <i>New York</i>
UNDP <i>Data Analyst Intern</i> • Built pipelines for Multidimensional Poverty Index	2022 <i>New York</i>
The New School & Barnard <i>Instructor & Teaching Fellow</i> • Taught econometrics, programming, and statistics	2021–2024 <i>New York</i>
Georgian Public Broadcaster <i>Head of Analysis</i> • Led macroeconomic analytics and research	2017–2019 <i>Tbilisi</i>
